Please consider Shawn Michael Perry for future upcoming events.

Shawn Michael Perry a Native American motivational speaker is well known nationally and internationally. We would like an opportunity to present our motivational speaking program at your facility. As a bonus and a highlight we would like to perform a private intimate concert for an enjoyable event that your audience will be sure to remember.

Shawn is of Bitterroot, Salish and Mayan decent. He is a very spiritual human being and believes strongly in helping the community. This is the reason, the core, and the making of “All That Culture Music of The America’s”.

Perceiving a growing need for music and performing arts opportunities for K-12 grade students and to response to the economic effects directed towards performing arts education Shawn Michael Perry, a highly accomplished artist and CEO of “ONLY THE BRAVE ENTERTAINMENT” created “ALL THAT

CULTURE MUSIC of THE AMERICA'S, which was founded on the vision of bringing music and the performing arts education to schools located in disadvantaged communities and abroad.

All That Culture raises funds for musical instruments for underprivileged Children of The World. When funding is provided through sponsorships, Shawn is proud to donate instruments to schools. We work with several organizations such as Latin Percussion and TOCA, just to name a few. Shawn's goal is to spread and educate the value and impact that music has on our lives.

“There is no borders or diversity when it comes to music. Music is one language that we all relate to as one”...

With Perry's enthusiasm and energetic flair, along with the integration of rock and country tunes this allows Shawn to capture audiences of all ages. His inspirational lyrics deliver a meaningful message that resonate in the heart and soul of the listener.

Shawn had to overcome his share of difficulties and life struggles. With numerous obstacles and roadblocks along his path to success, Shawn still persevered. A positive outlook and steadfast determination concocted his ingredients for success. *Shawn continues to educate through motivational speaking and integrates music as part of his presentation to schools, reservations, TANF, and rehab programs in a workshop setting.*

All That Culture Music of The America's is not just about music. Shawn just completed his first run of “So Far From Scioto”, at The Colonial Williamsburg Foundation. Shawn played Chief Neawah. What an honor this was.

Shawn was one of the first of four to be chosen to play and represent The Shawnee Indians. Shawn went through intense training in history classes to perform the part. Already an educator of Native American history and through his experience of playing Chief Neawah, Shawn realized it was essential to incorporate and enlighten his audience with knowledge of the American Indian history past and present.

In today's quick fix world Shawn realizes that the temptations of drugs, alcohol, sex, peer pressure and bullying can be very confusing to the young mind, Shawn uses many multi media motivators to pose the question to his audience:

“Where Do I Come From” “Who Am I” and “How Do I Fit In”

Touching on spirituality, family, education and self respect. The individual deems a sense of purpose and can challenge themselves to achieve a level of success in the fore-mentioned disciplines.

Shawn is the individual to inspire and to give the gift through music! If he can be a mentor, or create a positive outlook for students, then his mission has been accomplished.

Our mission statement at “ALL THAT CULTURE MUSIC of THE AMERICA’S, is to motivate and inspire to overcome life’s challenging issues in a constructive outlet.
